STAPT BAPTET BY

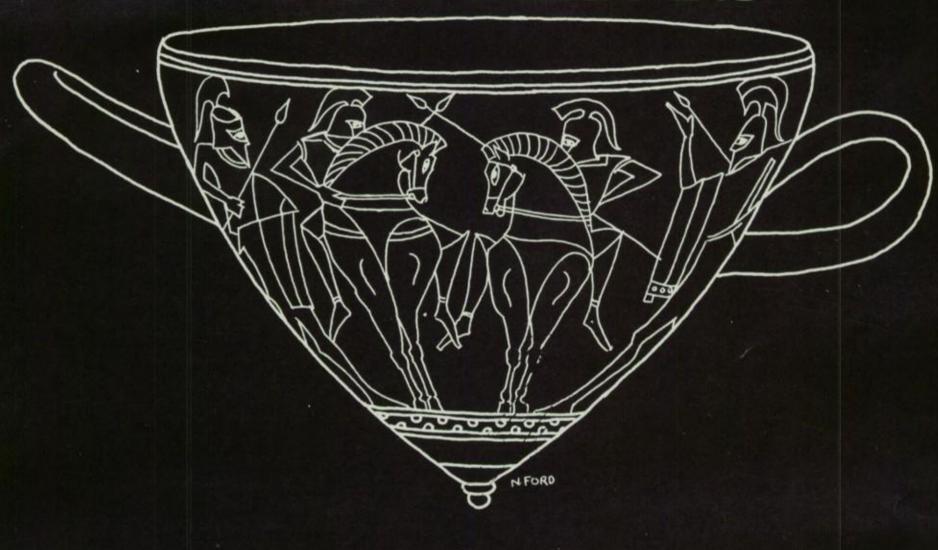

There was a time, not too long ago, when to be "Educated" meant to have studied the classics. The culture of Ancient Greece, the civil organization of Rome, the origin and development of the Catholic Church, were thought to be the basic underpinnings of education of Western Man. These were found in the Art, Literature, Law, and History of the Ancients. And these were some of the basic things students studied.

Education has blossomed (or strayed — depending on your point of view) from that ideal in recent times. But, even now, the echo of those ancient beginnings still sound faintly down the corridors of education. We begin our education with the alpha-bet and end it in a fraternity with Greek initials like PHI-BETA-KAPPA. We learn to express ourselves in a language that depends heavily on words derived from Latin; and when we want to be very erudite we go to Greek-like words; like psychosomatic.

And the classic influence is not confined to just the campus. You don't dig very deeply in modern soil before you strike our classic roots. The classic orders abound in the official architecture of Washington D.C. and in many a state capitol. Every four years we have an Olympics; world wide. And big cities like Phoenix show they have finally arrived by having an annual marathon.

So we decided to scratch the surface of education a little and found that ancient Greeks aren't such total strangers on our campus after all. They still have a few good miles (Stadia) left in them as a theme for this 1981 El Caballero. If anyone has a right to be on campus in our book it must surely be The Greeks.

ALPHABET (Alpha + Beta, the first two letters of the Greek Alphabet.)

1) The letters of a language arranged in the customary order. 2) The rudiments, elements; A.B.C.

If your last name is Zygorski, it was the ancient Greeks who condemned you to wait in all of those lines until your name was called, (even though the Greeks don't have a z in their alphabet). It is the ancient Greek alphabet that has fixed your place in the phone book, the school file-drawer and in this yearbook. The alphabet has had a long life and it looks like it has a lot of good years left in it still.

POLIS A city as a political unit; a commonwealth or state.

Minneapolis, Anapolis, Indianapolis: Cosmopolitan, polite and political. The thread that joins them all is the ancient Greek city-state; the POLIS. The idea of many individuals acting in concert for the common good, was their idea. Life on our campus is akin to life in the city-state developed by those long-ago Greeks.

OLYMPUS 1) A mountain in Macedonia; mythical abode of the Olympian Greek gods were really just super humans; and champion athletes were given god-like qualities in the popular imagination. Hence the connection between the Olympus of the gods, and the Olympics of the athletes that we still celebrate every four years. When a team seeks to excel, to be champions in any sport, it is not unlike the effort in trying to climb a mountain. And that mountain, wherever it is, and whenever it is scaled, might well be called Olympus.

AGORA An assembly; hence the place of assembly, esp, the marketplace, in an ancient Greek city.

Common interests, shared goals and special purposes have a way of uniting the many individuals of the student body into a few clubs and teams. And the most common feature of these teams and clubs is the meeting or assembly, to define their purpose, set their goal and plan their activity. That's a lot like the AGORA of the ancient Greeks.

ACROPOLIS (Akros-highest + Polis-city) The upper fortified part or citadel of a Greek city,

Civilization means order, and chaos rules the territory outside the city walls. An exageration,, of course, but no group of human beings functions well without order; and order is impossible without some watchful authority to oversee it. The administration and faculty share this function. And a highpoint, like the ACROPOLIS, is not a bad image for what they try to do for the well being of the school.

ODYSSEY 1) The epic attributed to Homer, which describes the ten years wanderings of Odysseus (Ulysses) in returning home to Ithaca after the seige of Troy. 2) A long wandering or series of travels.

Well, it hasn't been ten years, even if it sometimes seemed so. It has only been one year for the Freshmen, and a mere four years for the Seniors, but, still, it has been something of an Odyssey. And arriving at end of it does indeed stir feelings like coming home after a long journey.

SPORTS WRITE-UP

St. Mary's vs. Mountain View

The opener of the 1981 varsity football season would prove to be a real challenge. The Knights would face #1 pre season ranked Mountain View. In what some of the fans would call one of St. Mary's best

played games.

St. Mary's scored first, Bob Guidice threw a 48 yrd. touchdown pass to Andre Armstrong. The Knights hoped to gain an early lead going into the half. Mountain View had other ideas, before the first half had ended the Torros scored 2 quick touchdowns to take the lead from St. Mary's.

In the second quarter the Knights tied it all up when quarterback Bob Guidice proved once agin to be a dominant force in the game. Guidice pushed in for a two yrd. touchdown and then added the extra point. Mountain View scored for the last time in the game. In the fourth quarter the winning combination of Guidice and Grubbs won the game with a 32 yrd. pass. S.M. shaded Mountain View 20-19.

St. Mary's vs. Maryvale

Having disposed of number two ranked Mountain View, the Knights faced a tough Maryvale team in their second game of the season. St. Mary's had played the role of giant killer the week before and Maryvale was bound and determined not to let them repeat it. However, St. Mary's had other ideas. St. Mary's scored first, with senior QB Bob Guidice dodging past the Panther defenders for a quick touchdown. The score stayed the same through the second quarter with St. Mary's defensive line making it extremely difficult for the Panthers to keep possession of the ball, let alone move it. Defense was not the only problem that the Maryvale offensive attack had to contend with, the Panthers were called for 37 yrds. in the opening 24 minutes of the second quarter due to numerous penalties. Once again the third quarter was scoreless with neither team gaining much yardage. Maryvale was once again held to a measly 6 yrds. due to a pesky Knight defense. By the end of the third quarter the ball was at third down and seven. In the opening of the

fourth quarter, the Knights scored for the second with Wendell Jones rumbling across the goal line for an important touchdown. Late in the fourth, reality came creeping back to the Panthers, who realized they they must stage an awesome rally in order to steal the game from the Knights. They finally scored a touchdown with 8:18 remaining in the game. The Knights then poured on the defensive pressure, which caused a Maryvale first down pass to be intercepted by defensive back, Joe Sells. The Knights just played the clock out, and picked up their second win of the young season. Final score: St. Mary's - 14, Maryvale — 6.

St. Mary's vs. Tempe

The Knights busy schedule didn't let up. Next they faced a highly favored Tempe team. The Knights two previous wins were said to be just beginners luck. But St. Mary's giant killing spree was nowhere near done. Tempe scored first on a 22 yrd. touchdown. St. Mary's didn't score the first stanza, Tempe lead 7-0. The second quarter was highlighted by a 61 yrd. touchdown by QB Bob Guidice. Joe Ortiz added the extra point. The game then lapsed into a defensive struggle put on by both teams. The first half ended at 7 apiece. The third proved to be genuinely the same with neither team scoring. Upon the arrival of the fourth, it seemed as though it would end in a tie. Until Tempe came up with another TD. pass on the fourth down. Things were looking bleak for S.M. but with 2 minutes left Guidice threw a last chance desperation pass to Phill Williams. Tempe received the ball set up for a last minute field goal attempt which failed St. Mary's squeaked by Tempe 13-12.

St. Mary's vs. Brophy Prep.

The next game the Knights found themselves up against arch rival Brophy Prep. The Knights still smarting from their frustrating loss to them the preceeding year, were willing, ready, and able to meet them this year. The first quarter was error plagued with both teams not accomplishing much of anything. Brophy fumbled the ball two times and only once did the Knights capitalize. The rest of the quarter remained scoreless. However, in the second quarter, the Knights broke the ice. Bob Guidice threw a pass to Wendell Jones which put the Knights on the score board. The extra point was made by Joe Ortiz. The rest of the half elapsed into dullsville which was reminisent of the first quarter play. At the half St. Mary's led 7-0. The remaining quarter proved to be a real contest. The third was scoreless while S.M. held back various Bronco scoring attempts, but the end of the third the Broncos scored with an extra point. Following the Brophy touchdown there was utter chaos. The Knights were bound and determined not to let the Broncos catch up and steal the game. The Knights tried to drive down for a touchdown but settled for a three point field goal made by Joe Ortiz. The rest of the game was controlled by St. Mary's, as the Knights mustered another touchdown. The Knights played out the clock and eventually won the game, 17-7.

St. Mary's vs. Washington:

The next contest would prove frustrating for St. Mary's. The Knights would face the Washington Rams at home. However, things were not as easy as they seemed. Star quarterback Bob Guidice was out with an injury suffered from the previous game. This left back-up QB John Rodriguez to fill in. The Rams drew blood first, scoring early in the first quarter. St. Mary's couldn't quite get things going and ended the half without scoring. Finally, in the second, John Rodriquez put the Knights on the scoreboard. The extra point, good, by Joe Ortiz. The score was 7-up, but the Knights suffered defensive as well as offensive problems and the Rams scored once more before the half. The final quarter proved to be the crusher. S.M. couldn't seem to get either their running or passing game going. The Rams capitalized on turnovers, fumbles and badly thrown passes. St. Mary's suffered their first loss of the season 21-7.

St. Mary's vs. Sunnyslope

The next game found the Knights at Sunnyslope. The Knights, still frustrated by their loss to Washington, were pumped up and ready for the game.

Actually it was not a game at all. In the first quarter the contest seemed pretty evenly matched until running back Wendell Jones dodged his rushers to go in for a touchdown. Joe Ortiz booted the extra

It was then that the game became a "Comedy of Errors" with the Vikings playing the lead role. They fumbled the ball away, moving it mostly sideways.

In the second stanza the Knights put on one of its best offensive displays of the season. In the opening minutes, senior ace Bob Guidice threw a long pass to Andy Armstrong for the Knights' second touchdown, plus the extra point. Sunnyslope's inept offense played about as well as their defense; that is, they didn't move the ball anywhere except into the hands of an eager and waiting St. Mary's defense. In the middle of the second quarter Darren Chapman threw a 45 yard pass to Kendall Grubbs, with the extra point made, once again, by Joe Ortiz. As if matters were not bad enough for the Vikings, the Knights came up with yet another touchdown to end the first half, and they went to the locker room with a 28-zip reading on the scoreboard.

There was no more scoring until the fourth quarter, and neither team gained

much yardage.

But in the fourth quarter, the Knights did it again. Darren Chapman ran in for the touchdown with the extra point good.
St. Mary's crushed the Vikings; 35-0.

St. Mary's vs. Paradise Valley

The Knights next came up against a week Paradise Valley club. The game was totally dominated by St. Mary's, but the first half was still scoreless.

However, the second half was a different story. Within the first four minutes Knight's star wide receiver Kendall Grubbs scored their first touchdown. Paradise Valley then received, only to have it taken back by a stronger St. Mary's team. A few minutes more and Andy Armstrong put up another six points, and then an extra point to boot.

The fourth quarter was icing on the cake. Scott Baldwin hit pay dirt for another unanswered TD. The Trojan's struggle was up hill all the way due to the Knights dominant defense. And finally, to add insult to injury, Chris Buford intercepted the football to run it in before the final curtain. It is a game that Paradise Valley would like to forget, and St. Mary's likes to remember.

St. Mary's curshed Paradise Valley 41-0.

St. Mary's vs. Thunderbird
No records were kept on this contest.
Score; tie 7-7

St. Mary's vs. Prescott

After the tie with Thunderbird, the Knights went north to meet the Badgers on their own turf. At the beginning of the first quarter we received the ball and after a few foiled attempts, Wendall Jones ran the ball in for a touchdown, with the extra point by Joe Ortiz splitting the uprights.

During the second quarter the Badgers made many attempts to score, but none of them even came close. Many penalties and interceptions stymied any consistent drive. And this pattern persisted, to a lesser degree, right through the second half.

Toward the end of the third period, however, Kendall Grubbs did manage to break

away for a TD.

At the beginning of the fourth quarter Joe Sells ran forty four yards for a touchdown, with the extra point good. Close to the end of the game the Badgers scored a TD, but within a few minutes Frank Zanzucchi ran in for one for us, so the game ended with the score, Knights 35; Badgers 7.

St. Mary's vs. Moon Valley

The end of the regular season brought the first meeting of the two top Skyline Division teams, the Knights and the Rockets. Both teams still had playoff hopes, and they rested on the outcome of this game. It was, in short, a do-or-die situation.

The first quarter found QB Bob Guidice putting our first touchdown on the board. Moon Valley had to punt after their series of downs. Before very long St. Mary's crossed that most important line again. It happened when Andy Armstrong ran the

ball forty yards to pay dirt.

In the second quarter Bob Guidice scored again, but the extra point was not to be. Moon Valley answered with a TD of their own. And they got into the habit by intercepting the ball and doing it again. That made the lights read Knights 21; Rockets 14 at the midpoint.

The third quarter was penalty plagued and scoreless with both teams chewing up

the midfield grass.

The final quadrant was different. Bob Guidice saved his throwing arm and ran it in. The end of this seemingly easy game gave the Knights the right to once again wear the gold pants. It took them into the State Playoffs and gave them a crack at the State Championship.

St. Mary's vs. Apollo

The season was over but the real test was just beginning. The Knights were scheduled to meet a tough Apollo team. The Hawks of Apollo had been highly ranked all during the regular season, and were said to have one of the best offensive units in the State. By all the signs this game would prove to be the most grueling game of the year for the Knights.

And so it was. In the first quarter the Knights were forced to put the ball away after the first series of downs. Apollo put the lightning-quick offense into gear and scored a quick touchdown.

On the opening play of the second quarter St. Mary's answered with a TD of their own. St. Mary's star quarterback heaved a long bomb to wide receiver Andy Armstrong. Joe Ortiz evened up the score with his educated toe. The Hawks then moved down the field with considerable authority but the drive had to end with three points rather then six due to the bulldoggish

defense of St. Mary's.

And then it happened. For some unexplainable reason, things started to go wrong for the Knights. Scott Baldwin and Wendell Jones did some talented running, but the pesky Hawk defense proved equal to the threat. The Knights set up in punt formation, waited for the snap; and it came, like a flock of geese heading south. John Rodriguez who saw the ball sail over his head scrambled back to the end zone, scooped it up and started to run with it. He got as far as the one yard line. Predictable the Hawks scored easily.

The third quarter found St. Mary's upset over their disappointing first half play. They were determined to do better. And indeed they did. The second half really belonged to St. Mary's. When Apollo received the ball, the Knight defense swung into action. They intercepted the ball, and soon found Joe Sells to run it in for them, for the second Knight touchdown.

The last quarter was a real nail-biter. Apollo moved convincingly toward the goal but defensive pressure caused them to fumble, and the Knights recovered. But all of a sudden, the jinx was back. St. Mary's fumbled, and the Hawks recovered. Still, someone up there likes the Knights, and on the very next play Apollo fumbled. St. Mary's geared up for their final drive. They drove to the ten, then the five with just time enough for one more play. Bob Guidice was fiercely rushed and just barely got off an off-balanced looper pass. It was picked up by a Hawk defender in the end zone and run out to the one yard line.

And so it ended, sadly, but not disgrace-

fully.

Final score for the 1981 season Apollo 17; Knights 14.

Sr. Mary Anaclete Kerwan C.C.S.P.

DEDICATION

Tradition is a word familiar to the ears of all those involved in any aspect of St. Mary's. There has been, and still is a group of people who, through hard work and dedication, built St. Mary's to where it is today. Sr. Anaclete is one of those people and her very presence exemplifies the Christian spirit which St. Mary's is so famous for. During her many years at St. Mary's, she has served as a teacher, a counselor, and most importantly an inspirator to all. Despite the responsibilities Sr. Anaclete held, she could always be found in the halls talking to students and radiating friendliness. She was a person one could not help but love,, even if he or she was on her infamous "chocolate list." Although her presence is missed, it was greatly appreciated. It is because of this appreciation that we dedicate the 1980-81 El Caballero to Sr. Anaclete, St. Marys personal inspiration.

MR. LOUIS J. LASCALA

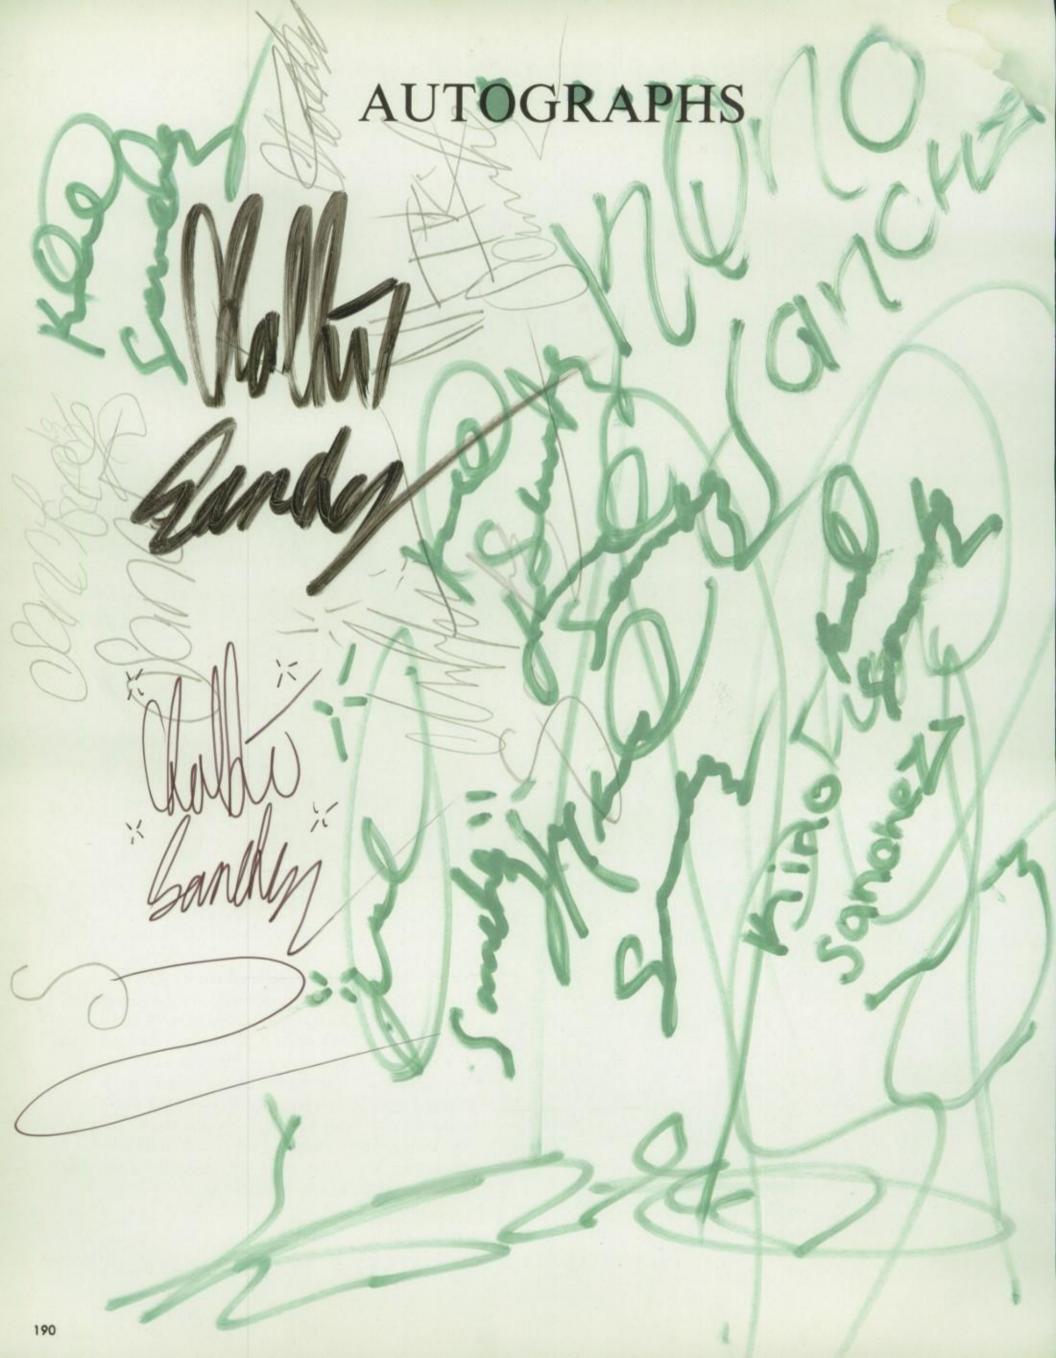

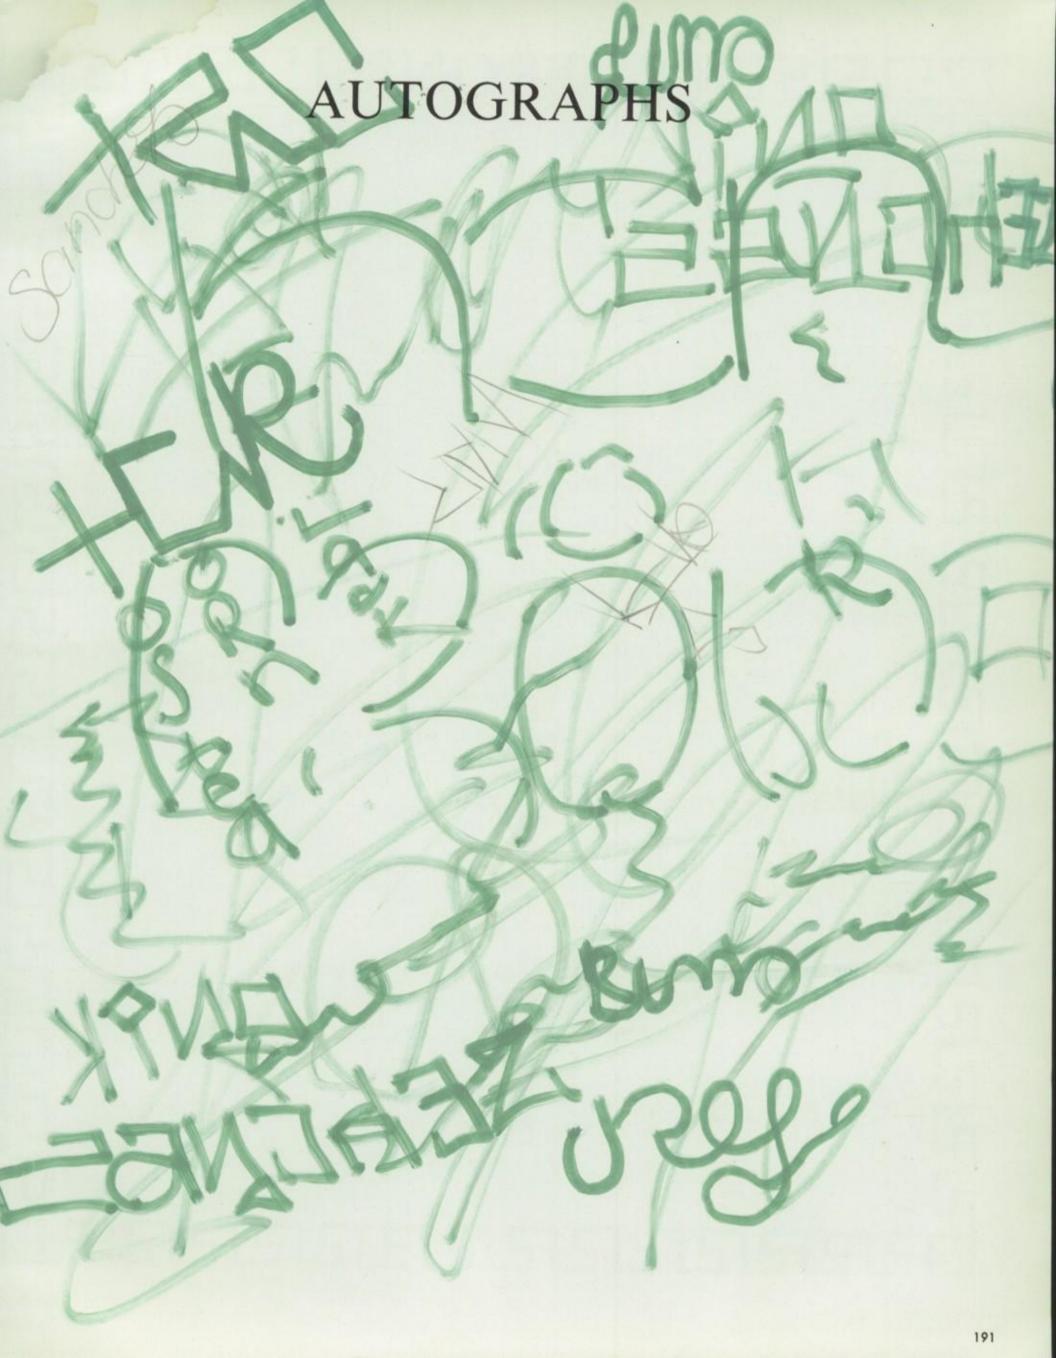

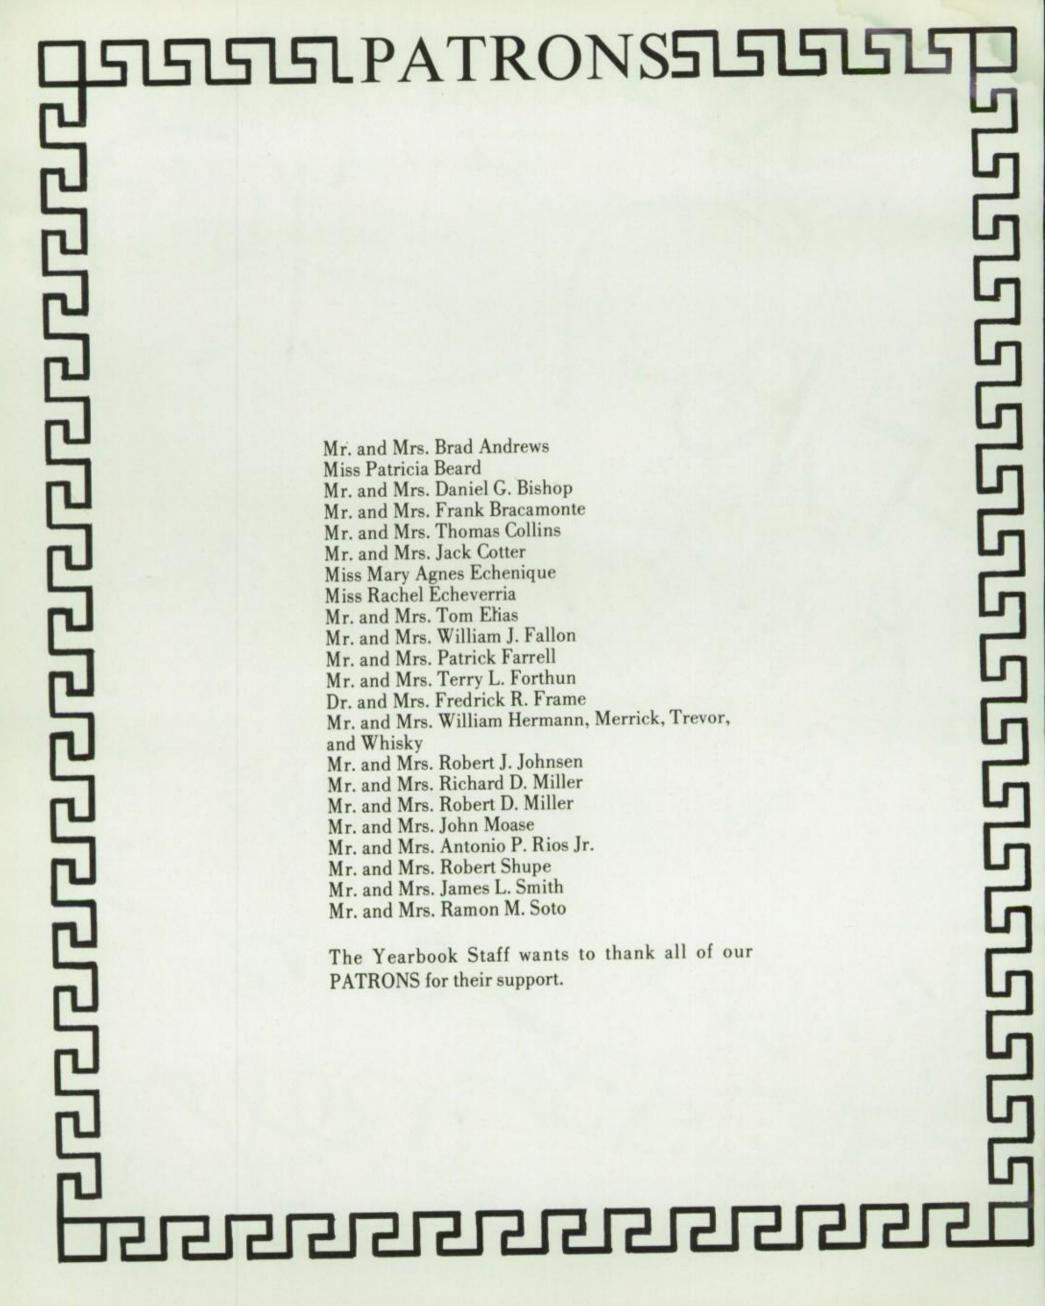

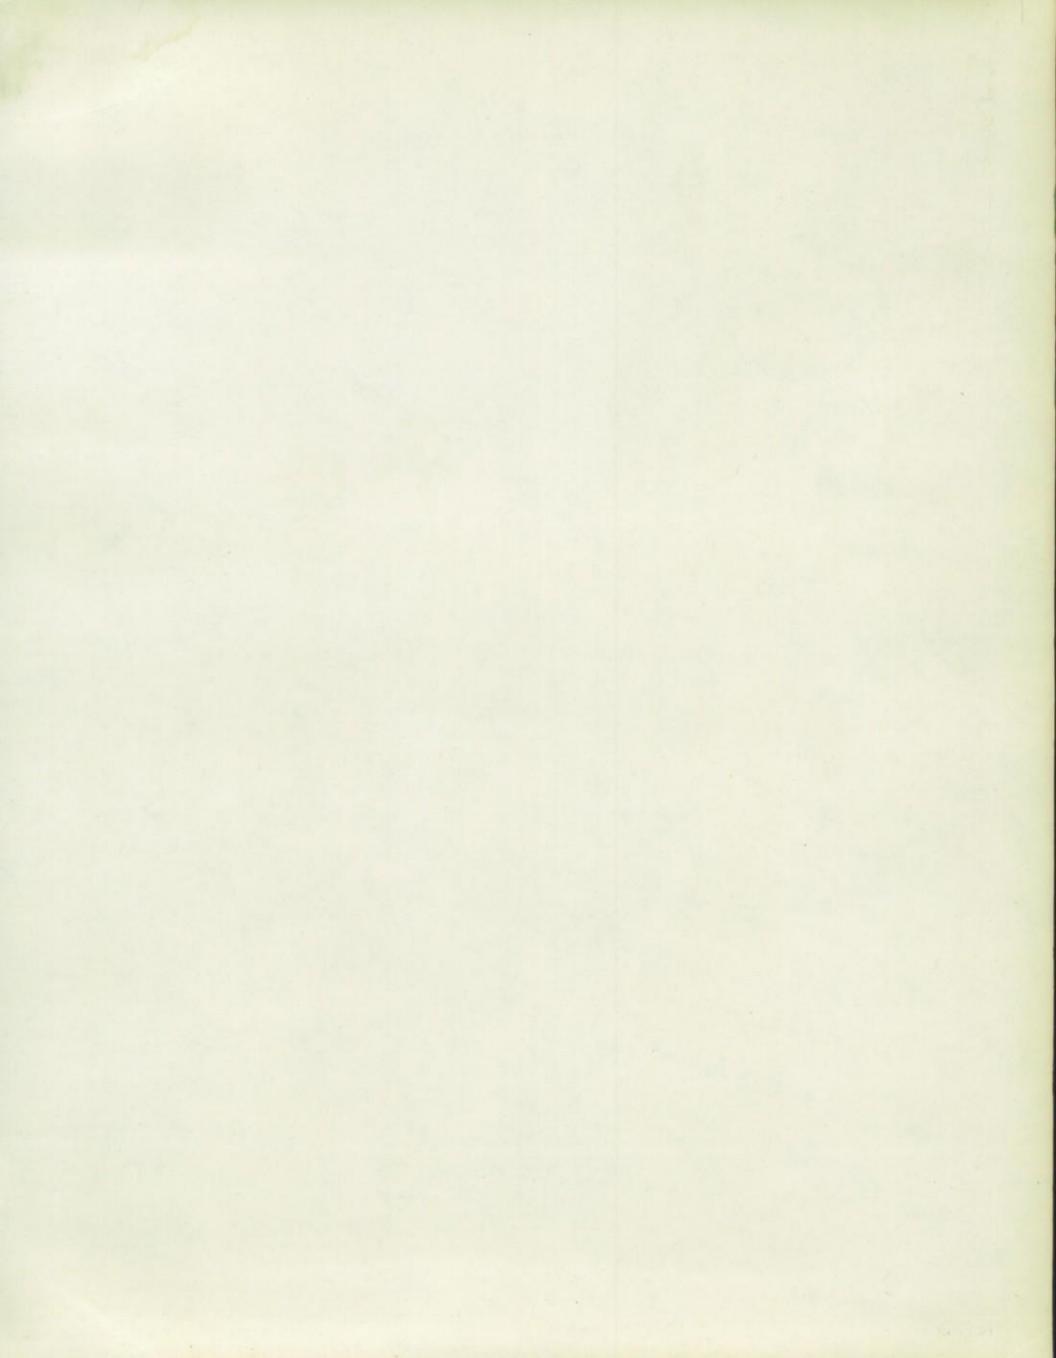

DEDICATION

Endurance is a virtue which involves body as well as spirit. It is one which requires determination, stamina, and dedication. All of these we have seen in Mr. Louis J. LaScala, St. Mary's former principal. His time at St. Mary's, beginning in 1974, was much more than a job, it was a life. From the very beginning, Mr. LaScala strove to maintain an "open door" policy with his students; one which would allow honesty to supercede anything else. Through him we found strength and through him we became proud of who we are and where we came from - St. Mary's. Even after his departure during the 1981 schoolyear, his many accomplishments will be long remembered. We dedicate this 1981 El Caballero to him as an enduring reminder of what he did for us.
